48			48R	48L	48XL

E.G. IF YOUR HEIGHT IS 5' 6" AND YOUR CHEST SIZE IN INCHES IS 40" THEN YOUR SIZE IS 40S

# Measuring Up: Making the Uniform Fit

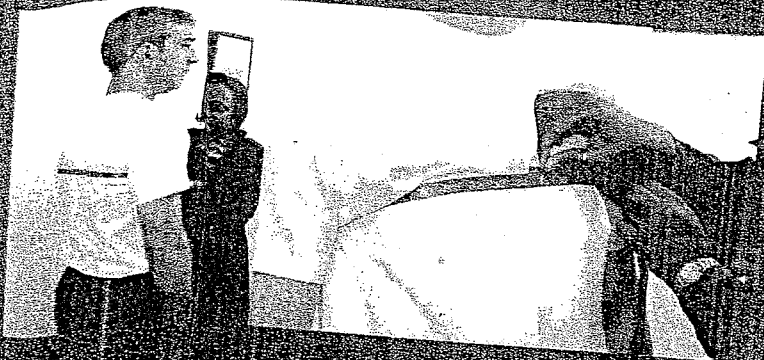

## Head:

Measure the maximum circumference with the tape placed above the eyebrow ridges and ears, and over the bone at the center back of the head. For women measurement corresponds with hat size. For men you must divide the measurement by three.

## Neck:

Place the tape at the collar line and across the bone at the center back of the neck. Place one finger between the tape and neck.

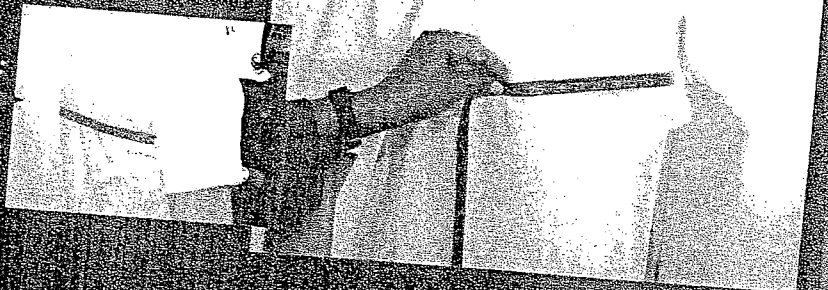

## Chest:

Measure over the greatest bulk of the shoulder blades, under the arms and over the fullest part of the chest.

Measure over the greatest bulk of the shoulder blades, under the arms and over the fullest part of the bust.

## Bust:

## Waist:

Measure around the smallest part of the body with the tape above the hip bone.

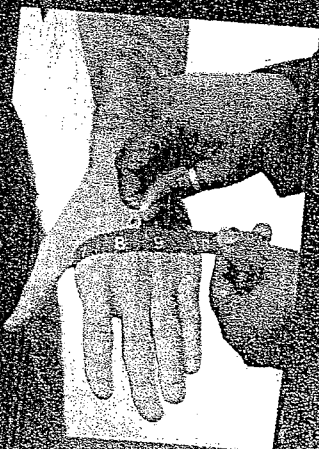

Measure around the largest part of the hips.

## Hips (Women Only):

Measure hand open and with fingers together. Hold the measuring tape snugly, but not tightly, measure the circumference of the hand across the palm and knuckles.

## Hand:

## Sleeve:

Measure from the middle of the back, across the shoulder and around the outside of the arm to 1/2 inch below the wrist bone.

Outseam:  
Measure from the top of the waist to the top of the heel.
